Heavy duty gearbox

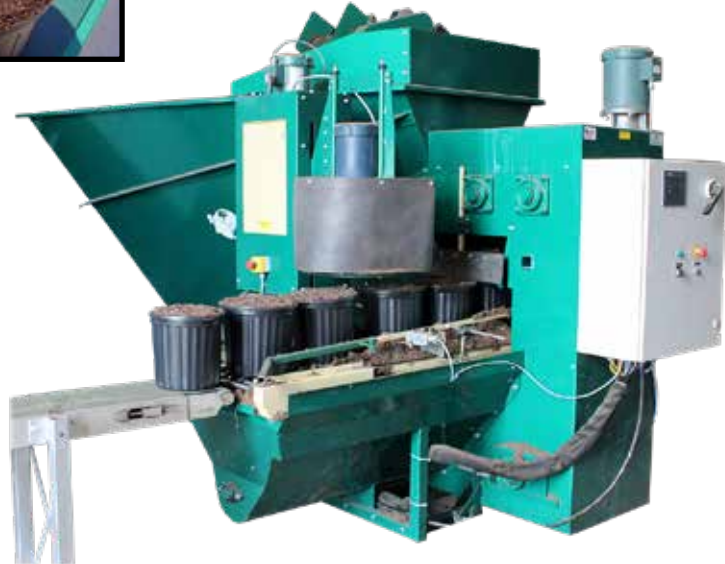

Power pot transfer

**A proud member of the
BouldinCorp™ Family**

EP 2200EX

The EP 2200EX fills and drills from 1 – 7 gallon pots. Changeover from one pot size to another is quick and simple, no pot holders required.

The EP 2200EX has a 3 cubic yard hopper, high volume soil delivery and heavy duty soil chain and gearbox to handle the heaviest soil mixes, separate powered soil return auger.

(Power sweep and rotary brush option not available on this machine)

Additional standard options include: direct drive gearbox for low maintenance, one crank handle, adjustment for speedy change-over, easy adjustment and an adjustable soil flow to match tray and pot width up to 18" wide 16" tall.
